world class security services

Our World Class Services

Property Protection

At Shergroup Security we believe our property protection is world class.

Shergroup Security has been involved in protecting World Heritage sites in London, England from anti-war and anti-capitalist protestors. These sites have been protecting such landmarks such as Parliament Square, next to the Houses of Parliament and St Paul's Cathedral built by Sir Christopher Wren in the City of London.

If your organization needs to protect its premises and buildings then Shergroup Security can provide an ongoing threat assessment to meet changing needs and situations with response times which are second to none.

Our threat assessment expertise extends to hotels, airports, offices and other high end establishments which require a discreet yet robust security response.

People Protection

Our Security Plan can anticipate the protection needed for executives, their families and the client organisation's staff members.

Shergroup Security Officers are screened to international standards including with full US background checks including screening for criminal history and licensing.

These highly motivated Executive Protection Officers are trained in CPR, First Aid and AED.

They are experienced, discreet and highly groomed which makes them an invaluable asset when providing protection at sensitive locations or situations.

Science + Security Gets Results

The science of providing a comprehensive security service is to understand our client's organisation and the potential threats it faces to both its people and its property.

To begin with, we carry out a scientific threat assessment which evaluates the client's vulnerability, their annual loss expectancy, and counter measures that can be developed to reduce the risk from threats that we have identified.

Our planning techniques draw on our extensive expertise as world class security experts and covers threats to people and property.

The risks that we establish are shared with the client, and a response is developed to reduce or eliminate the risk to an acceptable level.

The threat assessment is fully documented and can be viewed online. It is also possible to update the report on regular intervals so the response is always ahead of the liability curve.

Brit Grit and US Know How – A World Beating Security Service

With our long heritage stretching from 1780 out of the City of London, to our presence today in the beautiful City of Orlando, Florida, Shergroup is flying the flag for a world class security service which meets the needs of our customers across the United States and beyond.

We understand that safeguarding personnel and protecting assets are two of the most complex challenges your organization will ever face particularly in a world that is constantly changing and where new risks are emerging day by day.

To meet these challenges Shergroup Security offers a highly professional and scientific way to evaluate your potential liability and then tackle the risks that really affect your business.

Using a combination of technology with threat assessment and state of the art services, Shergroup Security is developing a range of world class services with no assignment too large or too small to deliver a first rate service.

From the minute you contact us, to the conclusion of any assignment, we will follow stringent guidelines and procedures that put the elimination of our customer's risk at the heart of everything we do.

Using our unique training methods, operating procedures and technology systems, Shergroup can make sure your people and property are safe and protected to world class standards.

Areas of Expertize

Shergroup offers a full range of services to cover off all your security needs from one provider.

If you can't see what you need from this comprehensive list talk to us about what's possible going forward.

Our Expertize Extends To:

Executive Protection Bodyguards

If you need one of our elite and trained executive protection officers for special duties then you have come to the right company. Call us to discuss sensitive assignments for principals and their families. We go beyond the call of duty to ensure the safety of our subjects by doing the ground work in advance.

Security Officer Screening

Our security officers are screened with full criminal background checks and must have the proper licensing prior to working for the client or Shergroup. The officer may be trained in CPR, First Aid and AED (Automated External Defibrillators). We place the officer in the area which is best suited for them and our client.

CCTV

Working in the best interests of the client to give an expert yet cost effective solution, we will conduct a site survey and give you suggestions on where the CCTV is most needed. We provide the product and installation that is needed to create a safe and secure environment.

K9 Services

Using our experience from the UK, Shergroup believes that our K9 friends provide a cost effective and strong security presence in the security arena.

Using only animals which are trained and licenced, we believe for certain situations guard dogs provide an excellent security solution.

Advanced Detection Technology

If you want to go to a different level in using technology in your security solution, we can provide the high-tech solutions which can be used to scan the undercarriages of vehicles for IEDs (Improvised Explosive Device), along with specialist cameras to record licence plates.

Advanced Personal Protection Equipment

Again if you want to step up to a different level in terms of PPE (personal protection equipment) Shergroup can help you fulfill your requirements for tactical gear, bullet proof vests and uniforms.

Shergroup's Training Academy

Shergroup offers a full range of training in the security sector to improve and build on our customer's knowledge and experience.

Training can be tailored to meet the needs of our customers and can include:

Emergency Services

If your staff need training on CPR, First Aid and AED we can offer training from our fabulous offices in Celebration, Florida or we can come to your premises to do the training on site. You tell us what works for you. Classes are held monthly. Call Shergroup to discuss all aspect of security to Training for security prior to behind hired or areas of interest.

Gun Licencing

If you need to learn how to use a weapon and achieve your Florida State Licence (G Licence) Shergroup can offer a full training and licensing package from our operations base in Celebration, Florida.

The training consists of a 3 day package including 2.5 days of classroom training followed by 4 hours of practical training on a local gun range. Training is provided by an expert ex SWAT team police officer from the Miami Dade County Police Department.

Other training programs include:

- SECURITY OFFICER PROGRAM
- FIRE SAFETY
- GUEST EMERGENCIES
- LEISURE ACTIVITIES
- HEALTH AND SAFETY
- CRIMINAL ACTS AND MISCONDUCT
- PREMISES PROTECTION
- GUEST SECURITY
- EMERGENCIES

Call us today on +1 (407) 566-2317 to discuss what you need in the security training sector and we will help you devise the training program that you need.
